Dana-Farber Cancer Institute

Early Detection and Prevention of Cancer

Monday, November 2, 2026 at 11 AM ET

Dana-Farber Direct Connect invites you to an upcoming webinar, the "Early Detection and Prevention of Cancer", featuring Dr. Elizabeth O'Donnell, Associate Professor at Harvard Medical School, Director of the Multi-Cancer Early Detection Clinic, and Medical Director of the Cancer Diagnostic Program at Dana-Farber Cancer Institute.

Dr. O'Donnell will discuss innovative approaches to detecting and intercepting cancer early, including multi-cancer blood tests and prevention strategies. The presentation will be followed by a live Q&A session.

Speaker:
Elizabeth O'Donnell, MD

Director, Multi-Cancer Early Detection Clinic; Medical Director, Cancer Diagnostic Program; Associate Professor of Medicine, Harvard Medical School
